## MM200A

Utility • Oil & Gas • Industrial

### 200A Contact Resistance Tester

MM200 is used to check and measure the contact resistance for high voltage circuit breakers, disconnecting switches and busbar joints

- Lightest 200A Contact Resistance Tester
- Backlit LCD Display
- Variable 10A – 100A – 200A True Continuous DC Current Output
- 0 – 4500 Micro Ohm Measured Resistance
- Robust Design with Economical Price
